Language Identification Card

As a Language Line Services customer you have access to over-the-phone interpretation 24 hours a day, 7 days a week. Use this Language Identification Card in a face-to-face situation, to determine which language a person speaks. The Language ID Card lists the languages most frequently encountered in North America, grouped by the geographical region where they are commonly spoken.

- To use the Language ID Card efficiently, locate the geographical region where you believe the non-English speaker may be from. (Pacific Islands, Europe, etc.)
- Show the person the languages listed for that region. The message underneath each language says: "Point to your language. An Interpreter will be called."

Sample:

00 **English** English 🗣️
Point to your language.
An Interpreter will be called.

- Refer to your Quick Reference Guide (QRG) to access an interpreter through Language Line Services. In most cases, an interpreter is available within seconds.
- If you are unable to identify the language, our representative will help you.

Please note: Listing of languages within this card does not guarantee availability of interpreters in these languages. Language Line Services interprets from English into more than 150 languages, only the most requested languages are listed here. This list is subject to change based upon demand.
